PERFORMANCE USING STATE OF THE ART TECHNOLOGY

The company maintains a fleet of state of the art foundation engineering and earthmoving equipment, investing heavily each year in the purchase of new plant and maintenance of the existing equipment to ensure it is in prime working order. We own following state-of-the-art equipment:

- Diaphragm wall cutters
- Piling rigs
- Anchoring / micro piling rigs
- Jet grouting equipment
- Crushing equipment
- Earthmoving equipment
- Marine barges and support vessels

WE DELIVER

Ammico has completed many prestigious projects since its establishment in Qatar in 2001. The company is renowned for delivering projects on time, without compromising on quality and without incurring unnecessary costs to the Employer. Major projects undertaken include :

- Enabling works for Doha Land Phase 2 & 3
- Al Quds Tower enabling Work
- Qatar National Bank Headquarters Tower enabling Work
- Doha Convention Center and Tower enabling work
- Woqod Tower HQ enabling work
- Enabling works for Energy City Qatar
- Piling Works at Qatalum
- Site preparation and civil works for tank farm at Shell GTL project
- Construction of jetty at NGL, Mesaiad
- Lusail LRT excavation
- Sheraton Park piling and excavation
- Piling works for Jetty Boil off Gas Recovery Project at Ras Laffan
- Marsarabia - Construction of temporary berth
- Doha Festival City IKEA box excavation
- Kingdom Tower KSA - Test piles
- Diaphragm wall for North Jeddah pumping station

OUR CLIENTS

We enjoy long lasting business relationships with local and international clients such as Qatar Petroleum, Qatar Gas, Ras Gas, Shell, Fluor, Snamprogetti, Chiyoda, KBR, Technip, JGC, Petrofac, Turner,Hyder, CB&I, Msheireb Properties, Brookfield Multiplex Medgulf, SNC-Lavalin International, Iberdrola Iberinco, Vinci-Construction, Qatari Diar, Salam Bounian, QNB, Energy City, QDVC, CCC, Gulf Contracting, QSTec.

HUMAN RESOURCE

Ammico has skilled and dedicated work force comprising of over one thousand persons. From more than fifteen nationalities, they are the backbone of the Ammico's fast track growth in recent years and are the real asset of the company.
